Finely Curated Delights

MORE THAN A GIFT. AN EXPERIENCE THEY'LL NEVER FORGET.

Tell your loved ones, how much you care!

Every Savour Society gift is a journey, and it begins with you. Pick from flavours found nowhere else in Singapore, each one crafted by a chef trained in the world's finest kitchens. We box it in packaging designed to feel like the occasion itself: wooden chocolate boxes, ribbon-handled carriers, gold-lined interiors. Then comes the part no one else can offer. Write your message and we print it on a keepsake gift card. Record a voice or video note, and we turn it into a Vlop QR code on that same card. They scan it, and suddenly you're there, saying it in your own words.

From the first flavour you choose to the moment they hear your voice, every detail says the same thing: someone cared enough to choose this.
